*Stay Clean, Win Right***ANTI-DOPING
AGENCY
OF KENYA****Congratulates**

The Board and Management of ADAK congratulates athletes from various sports disciplines who have made Kenya proud on the world stage over the years by flying the national flag high during international sports competitions. Specifically, the Agency wishes to send a special congratulatory message to those athletes that continue to compete clean, without risking enhancing their performance and compromising their health by using prohibited substances and methods.

As the legally mandated body to promote clean sport in Kenya, we also wish to reiterate our commitment to the promotion of virtuous sport and the protection of clean athlete through effective implementation of our mandate. It is our trust that the upcoming elite athletes will 'borrow a leaf' from the *'the sports mashujas'* and aim at becoming *'sports mashujas'* for later years, by resisting the temptation to use prohibited performance enhancing substances and methods in order to win.

In view of this, we urge all stakeholders to support our effort to ensure that the reputation of our sporting environment remains unblemished.

We join the rest of the country on this special day to celebrate Kenya's exceptional Shujas especially in the sports arena. Their contribution to the positioning of the country as a hotbed of bustling sporting talent cannot be gainsaid.

Happy mashujaa day and as always:

Stay Clean, Win Right!
